* There is a very small percentage of production cross-over vehicles which may have the "17-way Round Pin" connector. In this case it won't be possible to install the Gateway Pro.

Compatibility notes:

- Head Units with DSP are not supported
- Manufactured by Becker radios are not compatible (except 16:9 Nav Radio)
- Must have a phone button on the radio or R/T button on the steering wheel
- Using (EXT1BM4) extension cable is recommended if the tuner is located in the trunk
- Factory external CD-Changer cannot be used if Gateway installed
